P2P and Pay to P2P -- Two worlds colliding

Slyck - Astoria, NY, USA

... The BBC are not the first to offer such a service, and Homechoice (to name only one example) have been offering their own flavor of broadband IPTV to millions ...

Astro Or MiTV?

Bernama - Kuala Lumpur, Malaysia

... Different from Astro which uses satellite technology, MiTV uses the locally made Internet Protocol Television over Ultra High Frequency (IPTV-o-UHF) technology ...
