Cisco's \$5.3 billion bet on TV

Scientific-Atlanta deal could make Microsoft's forays into TV land more complicated.

11/23/05 14:30 PM, EST

Microsoft's forays into TV land just got more complicated. Cisco System's recent deal to buy cable television set-top box maker Scientific-Atlanta for \$5.3 billion may disrupt the software giant's partnerships with television providers and spark another round of fisticuffs between Microsoft and Google.
