Maintain federal funding for IPTV's important work (Guest View)

Mason City Globe Gazette

IPTV then uses that money to leverage additional dollars for several times that amount. This funding is absolutely crucial to the network's future, especially in light of substantial cuts to the network's budget from other sources over the last three ...iXtreamer dock with IPTV

Reg Hardware

By Shaun Dormon • Get more from this author Review If you're an iDevice owner and fancy hooking it up to your telly – but would rather not pay £80 for the rather basic combination of Apple's Universal Dock equipped with component or composite cables ...

Sky Deutschland signs distribution agreement with Deutsche Telekom

IPTV News

The contract does not however involve the distribution of Sky channels on the telco's IPTV service 'T-Home Entertain'. "The agreement with Deutsche Telekom is another step in our distribution strategy, which enables more consumers to experience the ...

Europe's cable TV providers see threat in Internet

San Francisco Chronicle

While the continent's increasingly digitized homes are bringing in higher revenue for operators, they are also seeing TV customers deserting them for Internet TV, or IPTV, and other so-called over-the-top providers that bypass cable packages and ...

Chunghwa Telecom Aims to Lead Taiwan's IPTV Market

The Taiwan Economic News

17, 2011 (CENS)--Chunghwa Telecom Co., Ltd., currently Taiwan's No.1 telecom carrier, will double the number of its MOD (movie-on-demand) subscribers on the island in three to five years from 2011's planned one million, becoming Taiwan's No.1 IPTV ...

Google TV: A telco's best friend in the battle for the multiscreen market?

IPTV News

Numerous telecoms operators are continuing to invest heavily in their own homegrown IPTV platforms or white-label ones from traditional telecoms-equipment vendors. Orange is even planning to launch its own connected TV, called SoTV. ...
