Sony Bravia KDL-40EX720 (40-inch LCD)

CNET Asia

The good: Decent blacks; high-quality noise reduction; onboard 3D sensor; good selection of IPTV content. The bad: Poor 3D mode; low motion detail; hollow sound; no wireless onboard; no 3D glasses; contrast could be better. The bottom line: The Sony ...

Telefónica Germany changes IPTV business model

IPTV News

Telefónica Germany has changed the pricing and package structure of its IPTV service 'Alice TV', operated by local subsidiary HanseNet which it acquired in February of last year. The telco is now offering two IPTV packages - Basic and Premium - which ...

AT&T places IPTV troubleshooting in the hands of end-users

IPTV News

AT&T has introduced a new app for its IPTV service 'U-verse TV' which enables subscribers to access self-support information and tools directly from their TV screen. The telco is rolling out the new Troubleshoot & Resolve app on a market-by-market ...

Four-tuner TiVo coming soon to retail?

CNET (blog)

Oh, yes, that obsolescent technology for people without good bandwidth to pull in IPTV. Give me a TiVO with built-in Hulu, Boxee, and Eclipse.TV and we can talk. Until then, why would I waste my time even looking at it? by brennok (10 comments) June ...
