IP&TV World Forum, Day 3: Multiscreen Mania

TechNewsWorld &Irm;

Are IPTV providers going to spend the money on the box to match consumer expectations -- and if not, who will? A continuing theme here is who's paying for what? A quality-of-service blame game we've historically seen at the ISP level doesn't look like ...

Netgem sees profits halve

DigitalTVEurope.net - &Irm;

France-based set-top and home gateway company Netgem saw profits halve last year as it felt the impact of a shortage of hard disk drives as a result of last year's flooding in Thailand. The company posted net profit of &euro;10.7 million, down from &euro;23.4 ...
