ABI Research: FTTH costs giving telcos pause
FierceIPTV
Even though Fiber-to-the-Home (FTTH) networks bring blazing speed and a fat pipe on which to offer new, competitive services like IPTV, telcos worldwide are increasingly finding themselves in a financial quandary when deciding to quit copper and move ...

RESEARCH: 1.3bn digital TV households by 2017
Advanced Television
Of the 648 million digital TV homes to be added between 2011 and 2017, 259 million will come from digital cable. Primary FTA DTT [homes taking DTT but not subscribing to cable, DTH or IPTV] will bring in a further 174 million, with pay DTT adding 5 ...

AT&T OK with AMC; Dish breaks off service
FierceIPTV
It was a busy weekend in the programming-content business. The results: AMC Networks is on-again with AT&T U-verse and off-again with Dish Network as the two carriers took different routes to resolve distribution agreements with the network.
