LG U+ and Ubitus Extend C-games to IPTV with Half Million Subscribers

Sacramento Bee

From now on, other than smartphones, tablets and PCs, LG U+ IPTV subscribers can enjoy on-demand console-quality gaming experience directly from their STBs. (Logo: <http://www.prnasia.com/sa/2010/05/07/20100507249159.jpg>). At initial launch, over ...

LG U+ and Ubitus Extend C-games to IPTV with Half Million Subscribers

IT News Online

SEOUL, South Korea, Oct. 9, 2012 /PRNewswire/ -- Ubitus Inc., the worldwide leader in cloud gaming, has empowered the Set-top Boxes (STBs) of LG U+ for use with C-games. From now on, other than smartphones, tablets and PCs, LG U+ IPTV subscribers ...

IPTV players applying competitive heat to Bright House in Central Florida

FierceIPTV

Bright House Networks is apparently feeling the competitive heat coming from increasingly aggressive IPTV players AT&T (NYSE: T) U-verse and CenturyLink (NYSE: CTL) Prism TV in the Central Florida marketplace. While Bright House spokesman Donald ...

Harmonic TELCOTV 2012 EXHIBITOR PREVIEW

Broadcast Newsroom

As the industry leader in video delivery infrastructure, Harmonic powers many of the world's top-tier telco IPTV services. Leveraging Harmonic's high-performance, flexible, and reliable headend solutions, IPTV operators can deliver a variety of high ...

The little things still make a big difference

FierceIPTV

More than a decade ago at an SCTE Cable-Tec cable trade show in Orlando, I was lured, tricked, cajoled or otherwise persuaded to visit a company with a small booth on a side aisle. The enticement of the invitation was that this company had ...

ZTE to launch Android-powered TV box

ZDNet

This is not ZTE's first foray into Internet Protocol TV (IPTV) services. In March, the company announced it had the third-largest share in the global IPTV set-top box market. It was second in IPTV middleware with 11 percent share, behind first-place ...

Spanish online video service Filmin taps Accedo for Smart TV apps

IPTV News

Madrid-based online VOD service Filmin has formed a partnership with Stockholm-based apps developer Accedo to develop Smart TV apps for multiple platforms, capable of delivering the Filmin service. The first official app launched under the partnership ...
