Korean IPTV service LG Uplus launches a Google TV-powered set-top box

Engadget

While we've seen the Google TV platform spread to additional manufacturers and some new lower-priced form factors, LG Uplus (not the same as LG Electronics) is the first we've seen offering a set-top box for its IPTV service based on it. new and ...

Malaysian authorities bust IPTV syndicate

OnScreenAsia

Malaysian police recently arrested 12 individuals involved in what is considered to be the first illegal IPTV syndicate in the country. According to The Star Online, the arrest was a joint operation with the Malaysian Communication and Multimedia ...

Google TV headed to Korea via IPTV provider LG Uplus

SlashGear

Google TV has been relatively slow moving compared to the company's other efforts, having arrived in the UK via some Sony devices. While integrated hardware devices have given Google TV a bit of market presence, it has received its first decent break ...

TIME, Setia Haruman to provide fibre connectivity in Cyberjaya

The Sun Daily

"For a long time, small and medium enterprises and homes in Cyberjaya never had an alternative choice of internet, voice and IPTV service provider, now they can get internet speeds of up to 100Mbps" said TIME CEO Afzal Abdul Rahim in a statement today.

UTStarcom Announces Launch of iTV Media Venture in Thailand
