Cable grows as FTTH slows

FierceIPTV

No one really came out and said it at last week's SCTE Cable Tec Expo in Orlando--at least not publicly--but cable's move to DOCSIS 3.1 while the DOCSIS 3.0 rollout is still nascent could happen only because the competition has either given up or gone ...

Latin American Pay TV Services Markets, 2011

The Herald | HeraldOnline.com

•The most relevant drivers for this growth are competition among cable TV, Direct-To-Home (DTH), and Internet Protocol TV (IPTV) operators, an increase in service bundling, and a push of Digital TV (DTV) and High-Definition TV (HDTV) by operators.

Dune HD and Beenius partner to deliver best Of breed IPTV solution to operators

Advanced Television

Operators looking to deploy IPTV and Video on Demand (VoD) will benefit from faster, lower-risk implementations that enable them to offer more services to users through a major partnership between Dune HD and Beenius announced today at TelcoTV2012.

Ukrainian regulator licenses IPTV services

DigitalTVEurope.net

The regulator awarded licences to provide IPTV services to Farlep Invest and Yutim Media in the Kyiv region, CHKS in the Chuguev and Kharkov region and Orion in the Rovenky and Lugansk region. Operator and distributors present a round table session ...

Broadband Forum finds international IPTV flourishes, but broadband growth slows

FierceIPTV

IPTV is alive, well and flourishing in the international marketplace. And it's not hurting too badly in the United States, either, according to statistics compiled by Point Topic in its October Global Broadband Trends report, presented by Broadband Forum.

Parks Associates: US IPTV subscribers will more than double from 8.8 million ...

IT News Online

DALLAS, Oct. 23, 2012 /PRNewswire/ -- At TelcoTV and the Cloud Services Summit this week, Parks Associates will share new research in video services, which shows telcos will lead the next stage in pay-TV services as the number of IPTV subscribers in ...

KPN claims 20% TV market share

Broadband TV News

KPN offers two TV products in the Dutch consumer market, the pay DTT service Digitenne, which accounted for

741,000 subscribers, and its IPTV product Interactieive Televisie, which had 829,000 homes connected. Digitenne is slowly losing ground – at the ...
