### ACA to FCC: Levy Regulatory Fees on IPTV

#### Broadcasting & Cable

ACA says IPTV providers are sufficiently similar to cable services that they should be assessed similar regulatory fees. It also says that would avoid "distortions in the marketplace" when a competitor does not have to pay regulatory fees levied on others.

### DTV households to reach 1 billion

#### DigitalTVEurope.net

The research firm's Global Digital Television Forecast said that the expected rise marks a "significant increase" from the end of 2012, when digital cable, satellite, IPTV and terrestrial (DTT) households totalled 755 million. It added that projected ...
